

REMARKS

Re-examination and allowance of the present application is respectfully requested.

Initially, Applicants thank the Examiner for indicating his consideration of the documents that were cited in the Information Disclosure Statement filed on February 6, 2004, as indicated by the Examiner's notations on the copy returned to Applicants.

Applicants also thank the Examiner for indicating that claims 15, 19, 24 and 28 contain allowable subject matter, and that they would be allowable if they are re-written into independent form. By the current amendment, Applicants amend claims 15, 19, 24 and 28 to place them in independent form, including substantially all the limitations of their respective base claim and any intervening claims. In view of the current amendment, Applicants submit that claims 15, 19, 24 and 28 are placed in condition for allowance, and respectfully request such an indication from the Examiner.

Further, in order to advance the prosecution of the present application, Applicants cancel, without prejudice, claims 11-14, 16-18, 20-23, 25-27, and 29-32. Claims 1-10 were previously canceled. Cancellation of these claims should not be taken as an acquiescence of the appropriateness of the rejection set forth against the claims, but, as a desire to advance the present application to issue.

In this regard, Applicants expressly reserve the right to submit claims of a similar scope in another application. Additionally, in view of the action taken in the present application, Applicants submit that it is no longer necessary to respond to the Examiner's rejection of the canceled claims.

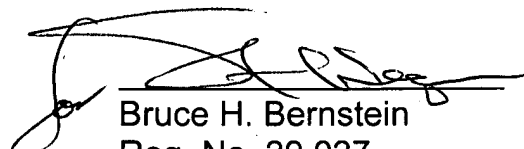

SUMMARY AND CONCLUSION

In view of the fact that none of the art of record, whether considered alone or in combination, discloses or suggests the present invention as now defined by the pending claims, and in further view of the above amendments and remarks, reconsideration of the Examiner's action and allowance of the present application is respectfully requested and is believed to be appropriate.

Should an extension of time be necessary to maintain the pendency of this application, including any extensions of time required to place the application in condition for allowance by an Examiner's Amendment, the Commissioner is hereby authorized to charge any additional fee to Deposit Account No. 19-0089.

If there should be any questions concerning this application, the Examiner is invited to contact the undersigned at the telephone number listed below.

Respectfully submitted,
Sang Chui YOON et al.
